

# One Love Animal Rescue 2021 ANNUAL REPORT

As I look back on this year, I am struck by the resilience of our volunteers, our pets, and our community. Coming out of the pandemic filled us with hope but also uncertainty. Through it all, this amazing community of supporters, volunteers and fosters have stuck with us and our mission. They give all they can every single day because they believe in this cause. They believe in the importance of saving one life, one love at a time.

Each pet that comes to us is an individual and they deserve the individualized love and care they receive from their foster families and support teams. I am grateful to all of you and inspired by your resolve to continue saving the dogs and cats in our community that need us the most. They believe that everyone deserves a second chance. We will stand strong on our motto: One Love, One Life at a time!

With Gratitude,

*Karrie Bulski*  
CEO & Co-Founder

## 2021 Financials

**Revenues**  
\$310,890

**Expenses**  
\$284,190

In-Kind Donations,  
\$36,635

Adoption Fees,  
\$64,350

Contributions,  
\$209,905  
(Donations, Grants  
& Fundraising)

Fundraising, \$9,183

Administrative,  
\$48,413

Program, \$226,594

With the help of 200+ volunteers and 120+ foster homes, we took in 702 cats and dogs in 2021.

254 Dogs Adopted

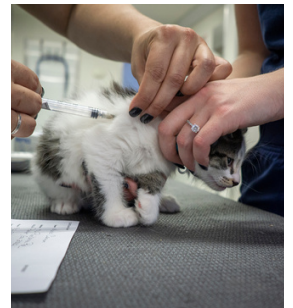

191 Cats Adopted

294 Transported

## Operation Pet Solutions, Community Clinic

In October we held our first community clinic utilizing grant funding from the ASPCA & Subaru Loves Pets program. The Pawsitively Free Pet Vaccine and Microchip Clinic was a huge success. We are so grateful to the ASPCA, Subaru and our wonderful partners at Chatham Parkway Subaru and National Spay Alliance Savannah for their support. In just one day we impacted the lives of 67 cats and dogs.

In addition to providing pets with necessary vaccines, OLAR provided 43 spay/neuter vouchers, fitted 20+ dogs with harnesses, provided dog and cat food, cat litter, and crates/carriers to those in need. We know that there are great pet owners right here in our community that just need a little extra help, and we want to provide that for them. This event allowed us to tackle the overcrowding of shelters from several angles – (1) free microchips will reunite pets with their owners quickly and keep beloved pets from ending up in the shelter system, (2) free spays and neuters will decrease pet overpopulation by preventing unwanted litters, and (3) pet owners in need found a partner in One Love Animal Rescue's Operation Pet Solutions allowing them to keep their companions instead of being forced to surrender them.
